**General information concerning the**  
**ORTEC FLASH ARM System**

**Ideal for flashes, video lights, torches, microphones ..**

**The ORTEC Ball Joint system with clamping brackets out of stainless steel come with extra rubber seats for the arm balls.**

**These seats guarantee high friction to avoid unintended shifting of arm. In addition they are highly shock absorbing.**

**All threads must not be over tightened. Ortec does not grant any warranty for stripped threads.  
Maintenance: All aluminium threads should be used only with a thin layer of silicon greece (each time they are being used).**

**After use disassemble all parts. Rinse all parts thoroughly with soapy sweet water.  
Let dry completely before reassembling to avoid any corrosion.**
